EDUCATION

- The University of Manchester** Sep 2025 - Sep 2026
Master of Science in Robotics
- Northeastern University, China** Sep 2020 - Jun 2024
Bachelor of Engineering in Computer Science and Technology China
- **Awards&Honours:** Individual Scholarship (Nov 2023), Innovation&Entrepreneurship Scholarship (March 2023), and Comprehensive Third-class Scholarship (Nov 2022).
 - **Activities:** Vice President of university's English Debating Society (Aug 2022-Aug 2023), Head of school's Culture,Sports&Art Center (Nov 2021-Oct 2022), and Member of university's Cyberspace Security Association (Oct 2020-Sep 2022).

SKILLS LIST

- **Skills:** Proficient in C++, Python, and SQL, with experience applied to robotics, data engineering, and system development, building solutions across multiple domains.
- **Languages:** Mandarin (native), English (fluent).

PROJECT EXPERIENCE

- 2023 Xiaomi Studio AIoT Development Platform Training Camp** May 2023 - Jul 2023
Excellent Camper/Excellent Prize China
- Completed basic practice and independent innovation projects with Xiaomi AIoT Development Platform.
 - **Independent project topic: Sauna Room Thermometer Alarm.**
 - Responsible for requirement analysis and module design, such as temperature and humidity display switching, alarm level switching, chip communication methods, etc.
 - Collaborated with teammates on hardware assembly, software programming in C language using the Keil-ARM development environment, testing, etc.

PROFESSIONAL EXPERIENCE

- Lilith Games Co., Ltd.** Jul 2024 - Apr 2025
Junior Product Manager Shanghai, China
- **Responsible for feature planning and user experience optimization of the Customer Service Platform.**
 - Implemented and integrated AIGC chatbots to assist service staff, greatly improved player interaction and enhanced overall support efficiency with **manual workload reduced by 20%**.
 - Conducted research on player self-service trend in the gaming industry, designed self-service modules such as Gifts Reload (Call of Dragons) and Gacha Record Query(AFK2: Journey) based on each game development team's requirements, reaching **an average daily usage of over 4,000**.
 - **Responsible for the operation of the Internal Outreach Service Platform.**
 - Liaised with external service vendors to ensure smooth integration with internal systems and timely delivery of services.
 - Developed internal user manuals and assisted users with inquiries and operational issues.

INTERNSHIP EXPERIENCE

- Momenta Co., Ltd.** Jan 2024 - Mar 2024
HNP Product Intern Shanghai, China
- Assisted in functional iteration and delivery of **BSD (Blind Spot Detection)** and **DOW (Doors Opening Warning)** modules within the **ADAS (Advanced Driver Assistance System)**, including coordinating vehicle resources to conduct road tests and meticulously reviewing test data to **ensure 100% regulatory compliance**.
 - Built targeted issue-specific datasets for scenarios such as front-vehicle misidentification and false alarm suppression, defined user behavior criteria and scenario boundaries, and drove development teams to optimize product functionality, **reducing scenario-specific error rates from 60% to 10%**.
- NIO Co., Ltd.** Jan 2023 - Apr 2023
Product Intern Shanghai, China
- Responsible for the product design and operations of **the Internal Low-code Worksheet System**, analyzed user interview notes and survey data to propose iteration directions, resulting in **an increase of product satisfaction from 3.9 to 4.2**.
